

Week03 Day02 Assignment

With vibe coding implement the below :

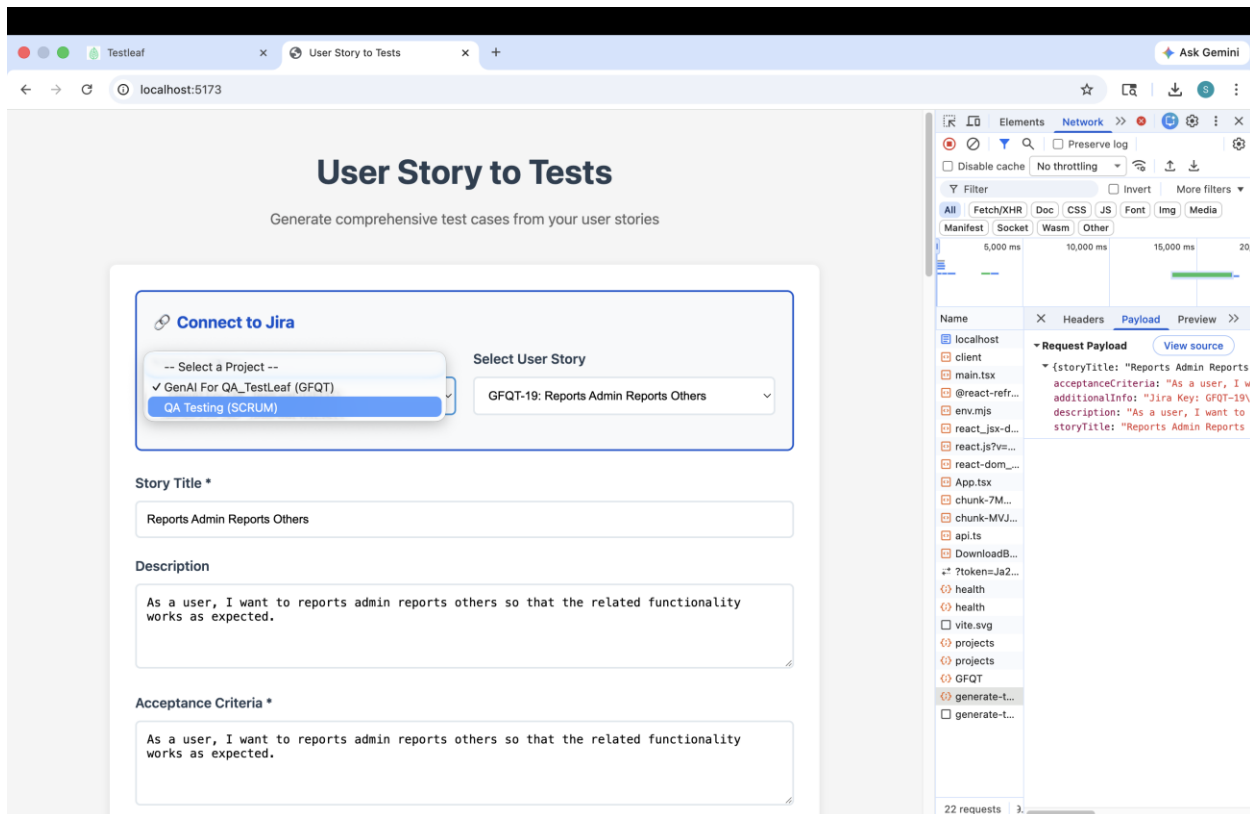

- 1) Connect to jira via api and
- 2) Fetch the user stories from jira to generate testcases

Backend & Frontend running

Jira Integration with the URL

Testleaf

User Story to Tests

Ask Gemini

localhost:5173

User Story to Tests

Generate comprehensive test cases from your user stories

Connect to Jira

Select Project

GenAI For QA_TestLeaf (GFQT)

Story Title *

Reports Admin Reports Others

Description

As a user, I want to reports admin reports o works as expected.

Acceptance Criteria *

As a user, I want to reports admin reports o works as expected.
